Men's Classic

Starting in 1977, the men have hosted the Dual Classic. This will be the 8th edition of what has been a series of great tournaments. Salisbury State has played some of its best basketball in this Classic. This is evident from the four championships and two second place finishes. This year's tournament includes three teams that won 21 or more games last season. To put it another way, the four teams had a combined 84-29 record in 1982-83, a .743 winning percentage.
